SAXMAX

15/02/2006 Donington Park was the venue for 17 SAXMAX drivers to enjoy a sunny day of instruction and their ARDs test. Graham Clarke of RMA Circuit Club organised instruction from Mike Wilds, Johnny Mowlem, Eugene O'Brien, Johnny Cocker, Ben Elliott, Katie Croucher, Garry Townsend, James Wood, Scott Stringfellow & Ryan Hooker all of which gave their time without charge to support this new junior formula. The drivers included 2 young ladies and they all learned to drive with finesse as well as 100mph + speed through the challenging corners of this international circuit.

Johnny Mowlem;- “SAXMAX is a fantastic championship which gives a bunch of talented youngsters the opportunity to learn racing at an incredibly early age and with a sensible budget. I wish it had been around when I was 14 years old.”

The 750 Motor Club can now be confident of strong grids for the first season of SAXMAX which starts in May at Donington Park.
