

Press Release Press Release

SAXMAX

Comes of Age

Registrations for this exciting new championship have now passed 21 and at least another 6 entrants are preparing cars. This value-for-money championship has really appealed to the kart competitors with drivers drawn in from Cornwall, Scotland and Wales. SAXMAX can also boast a truly unisex appeal with 4 female drivers confirmed so far.

Robin Knight (comp sec 750 M/C)- “ It is wonderful that we may have enough cars in the first year to give full grids. If we do get a late rush of registrations we may have reserves at some races. ”

For many competitors this will be their first time of preparing a race car and the 750 Motor Club will be offering a helping hand with an informal inspection of cars. This will take place at Donington Park on the Saturday 14th May before the first race on the following day.
